BCV is also a certified MDOT W/MBE/DBE State of Maryland, and, the City of Baltimore. POCs: Karen Lynn Bell & Avis Bell
Blackmere Consulting		Blackmere Consulting • is a Technical and Executive Recruiting firm dedicated to Cybersecurity and Information Technology. From Fortune 100 companies to emerging growth organizations, our focus is to pair talented professionals with companies who value them. POC: Domini Clark
Boolean Girl		Boolean Girl • a non-profit corporation founded in 2014, is educating girls to code, build, invent, and animate. We provide enrichment classes, all-girl camps, special events, and partnerships - preparing girls everywhere to explore computer programming and engineering. POCs: Brian Moran, Sarah Eastman
Brainbabe		Brainbabe • The "#brainbabe" leadership platform and non-profit brainbabe.org was born out of frustration that "booth babes" still exist. Calling a person a #brainbabe isn't about calling them a "babe," or about how someone looks. It's about pushing back on the technology community to look at why we still have "booth babes," and supporting necessary changes to better attract and utilize women in cyber security. For the few of you who don't like the name—we will change it when booth babes no longer exist! POCs: Deidre Diamond, Lisa Kendall
Carnegie Mellon University • Heinz College		Carnegie Mellon University's H. John Heinz III College • faculty from our two schools -- the School of Public Policy and Management and the School of Information Systems and Management -- collaborate on instruction and research, an operating model we believe leads to innovation in research and a superior educational experience. Our strengths span the applied disciplines of empirical methods and statistics, economics, information systems and technology, operations research, and organizational behavior. Information security policy and cybersecurity programs are available. POC: Teresa Allison
(CISO) Innovation Shipyard Alliance		CISO Innovation Shipyard Alliance • an open forum for entrepreneurs and innovative technologies, the opportunity to learn or vet the cybersecurity ramifications of their industry and technology in front of security, risk, and privacy C-levels, while promoting students and emeritus cyber professionals' involvement and educational opportunities in shaping these innovative technologies. POCs: Andrea Hoy, Nancy Bianco

Alliance Partner	Logo	Partner Focus
CyberSN		CyberSN • Exists to dramatically decrease the frustration, time and cost associated with job searching for Cyber Security Professionals. POCs: Deidre Diamond, Lisa Kendall
EC-Council		EC-Council • officially incorporated as the International Council of E-Commerce Consultants was formed to create information security training and certification programs to help the very community our connected economy would rely on to save them from a devastating Cyber Attack. POC: Jessica Johnson
Girl Scouts Nation's Capital		Girl Scouting • Builds girls of courage, confidence, and character, who make the world a better place. We're 2.6 million strong—1.8 million girls and 800,000 adults who believe in the power of every G.I.R.L. (Go-getter, Innovator, Risk-taker, Leader)™ to change the world. POCs: Lidia Soto-Harmon, Natalie Lorenz Anderson, Betsy Thurston, Colleen Cibula, Kathryn Benson, Page Yarborough, Mankaa Ngwa-Sug
GMU MGTA / VSGI		GMU MGTA & VSGI • offers cutting-edge game design research and development, simulation and game training and certification; visualization and simulation software development and rapid-prototyping. A business incubator, VSGI also provides access to leading commercialization and marketing channels; student development talent; research faculty; industry experts; mentors; business counseling support; and the potential of financial investment from foundations and equity partners. POCs: Olivia Blackmon, Vera Lichtenberg, Kamaljeet Sangher.
Google		Google • Exists to “Organize the world’s information and make it universally accessible and useful.” Since the beginning, our goal has been to develop services that significantly improve the lives of as many people as possible. Not just for some. For everyone. POC: Sarah Morales, Outreach Program, Security & Privacy
ISACA Women's Community SheLeadsTech		ISACA's SheLeadsTech • Connecting Women Leaders in Technology • The Connecting Women Leaders in Technology program seeks to address the significant underrepresentation of women in business technology leadership roles and the tech workforce. POC: Alisha Wenc
(ISC)² Center for Cyber Safety and Education		The Center for Cyber Safety and Education • a non-profit charitable trust committed to ensuring that people across the globe have a positive and safe experience online through our educational programs, scholarships, and research. We are the charitable trust of (ISC)², whose dedication to our mission has been an inspiring example to the cybersecurity industry. POCs: Patrick Craven, Christina Johnson, Ciera Lovitt, Greg Thompson
Leaders in Energy		Leader in Energy • a community working to advance solutions for a sustainable energy system, economy, and world. Join our global action network where we are connecting people in the US and around the world (in over 100 countries) who are passionate about making a difference. POC: Janine Finnell

Alliance Partner	Logo	Partner Focus
Loyola University		Loyola University Maryland • a Jesuit, Catholic University committed to the educational and spiritual traditions of the Society of Jesus and the development of the whole person. Accordingly, the University inspires students to learn, lead, and serve in a diverse and changing world. POC: Raenita Fenner
Marymount University		Marymount University • Founded in 1950 by the Religious of the Sacred Heart of Mary (RSHM), Marymount University is an independent, coeducational Catholic university offering bachelor's, master's, and doctoral degrees in a wide range of disciplines. The University's four locations in suburban northern Virginia offer a full complement of academic and student services that provide an outstanding education in a convenient, student- and career-focused environment. POC: Dr. Diane Murphy
Million Women Mentors		Million Women Mentors • supports the engagement of one million science, technology, engineering, and math (STEM) mentors (male and female) to increase the interest and confidence of girls and women to persist and succeed in STEM programs and careers.
National Center for Women & Information Technology		NCWIT • change-leader network represents the largest, rapidly growing community in support of improving diversity and inclusion in computing. NCWIT program outcomes show members making collective progress, moving the national needle in quantifiable ways. POC: Brandon White
National Cybersecurity Student Association (NCSA)		NCSA • cultivating a national community that supports students in their cybersecurity endeavors through extracurricular activities, career opportunities, mentoring, and keeping them at the forefront of cybersecurity trends. POC: Gustavo Hinojosa
National CyberWatch Center (NCC)		The National CyberWatch Center • a consortium of higher education institutions, public and private schools, businesses, and government agencies focused on collaborative efforts to advance cybersecurity education and strengthen the national cybersecurity workforce. POCs: Casey O'Brien, Barbara Belon, Lynn Dohm
Northern Virginia Community College		Northern Virginia Community College • Since 1964, has offered a quality and convenient educational experience at an affordable price. NOVA is the largest public educational institution in Virginia and the second-largest community college in the United States, comprised of more than 75,000 students and 2,600 faculty and staff members. NOVA is also one of the most internationally diverse colleges in the United States, with a student body consisting of individuals from more than 180 countries. POCs: Paula Ford & Dr. Shanaz Kamberi
SANS		SANS • the most trusted and by far the largest source for information security training in the world. We offer training through several delivery methods - live & virtual, classroom-style, online at your own pace or webcast with live instruction, guided study with a local mentor, or privately at your workplace where even your most remote colleagues can join in via Simulcast. POCs: Deanna Boyden, Shelley Wark-Martyn, Jeff Christy

Alliance Partner	Logo	Partner Focus
Security University		Security University • the leading provider of Qualified Hands-On Cybersecurity Education, Information Assurance Training and Certifications for IT and Security Professionals in the world. The mission of Security University is striving to provide our students with the highest quality Cybersecurity educational available through our Information Security and Information Assurance Training and Certifications for IT Security Professionals Worldwide. POC: Sondra J. Schneider
SheSoft		SheSoft • a 501(c)(3) non-profit organization dedicated to bridging the gender gap in technology by empowering young girls in upper elementary and middle school ages through seminars, webinars, workshops and software application competitions. SheSoft is using innovative methods to capture the interests of young girls by providing unique hands-on workshops and guiding them to use software to turn their ideas into projects which benefit the society. POC: Kirthi Kumar
SIM Cybersecurity		SIM Cybersecurity • a network inside the Society for Information Management which promotes and provides strategic, timely, actionable, and business-focused content and discussion around cybersecurity issues, trends, and best practices, while building and sustaining a high-value network of cybersecurity thought leaders. POCs: Judy Arteche-Carr. Nancy Schimizzi, Samaria Sherman
SIM Women		SIM Women • a network inside the Society for Information Management which promotes communication, mentorship, leadership, and career development amongst the female members of SIM. POC: Kristen Lamoreaux
STEM for Her		STEM for Her • focused on championing programs and initiatives that foster enthusiasm and empower girls and young women to pursue a career in science, technology, engineering, and math fields of study. The Foundation offers financial support in a variety of ways as it works towards its vision of empowering women to change the world by excelling in STEM-related careers. POC: Louise Peabody
Women in Cybersecurity		WiCyS • a community of engagement, encouragement and support for women in cybersecurity. It brings together women in cybersecurity from academia, research and industry for sharing of knowledge, experience, networking and mentoring. POCs: Dr. Ambareen Siraj, Diane Janosek, Marcelle Lee
Women in Technology – Cybersecurity & Technology		Women in Technology's Cyber Security & Technology Special Interest Group • dedicated to advancing the education and professional opportunities for girls and women in the information security and technology space. POC: Patty Briotta, Carrie Hidalgo, and Barbara Shurtleff
Women in Technology - Girls in Technology (WIT GIT)		Girls in Technology • led by a committee of Women in Technology (WIT) members. We offer educational and hands-on STEM programs that promote creativity and innovation, and inspire girls to pursue STEM-related careers. GIT programs reach over 500 girls in the DC metropolitan area. Our programs help girls identify pathways to careers in STEM through engagement with women executives in STEM-related fields and STEM experiences provided by companies in the District, Maryland, and Northern Virginia. POCs: Phyllis Kolmus, Louis Peabody

<u>Christina Eanes</u>		<p>Christina Eanes • Author, Speak, and Coach, and Superachiever. A superachiever is one who achieves more than most and is here to make a big impact on this world while improving themselves in the process. The problem is that starting in early childhood, many of us superachievers allow others to dim our bright lights because we tire of being told to “quit thinking so big” or to “slow down.” Well, I’m here to tell you to stop it! Quit Bleeping Around®, and unleash your inner superachiever. You must do what you were put on this earth to do—to leave it a better place than you found it.</p>
<u>Ardell Fleeson</u>		<p>Ardell Fleeson • Passionate Community Builder Consultative Business Developer Champion of Senior Living. Workshops, Executive Coaching, etc. You Tube: https://www.youtube.com/watch?v=QQSfQN8AtFQ.</p>
<u>Adriana Sanford</u>		<p>Adriana Sanford • Professor, corporate lawyer, author, internationally-recognized privacy and cyber security scholar, international TV commentator. Georgetown University Law Center & Pepperdine University affiliated.</p>
